

SAPHOLWETHU
Group Services

COMPANY **PROFILE.**

www.sapholwethu.co.za

ABOUT US.

Sapholwethu Group Services, a 100% black woman-owned company offering construction and engineering services since 2014. The company was founded by Mpho Ntshalintshali, a self-driven businesswoman known for turning ideas into reality and building state-of-the-art construction projects. The idea of starting the company was through the discovery of service delivery gaps in the market, and the need for having to take charge, make a change, and turn the city into an iconic work of art through the work we can do.

01 Our vision

Sapholwethu Group Services (Pty) Ltd aims to be one of the leading construction companies excelling in their field of construction and consulting specialties. Our aim is being a company known for building iconic buildings, roads and being involved or working in big projects in not only South Africa but also the whole of Africa.

02 Our mission

1. Delivering good and premium services to our clients.
2. Creating a good and healthy working environment for our employees.
3. Creating work opportunities to local communities and small business that would want to work in the construction field

03 Our objectives

1. To compete with the already well established businesses.
2. To be a reliable alternative service provider to potential clients.
3. To perform quality work all the time.
4. To secure more contracts and hire youth, particularly female and the disabled who have previously disadvantaged background.
5. To grow as an entity and develop a capacity to operate nation wide.

04 Our value

1. Client satisfaction
2. Women & Youth employment,
3. Empowerment
4. Appropriate innovation
5. Inclusiveness,
6. Commitment
7. Value added

Pursuant to economic objectives, the company strives to strike the balance of interest between clients (through world class service delivery) and human resource environment. Strong emphasis is also put on sound business ethics and corporate governance.

VALUE PROPOSITION.

1. Providing a wide array of expertise in delivering world class service to clients. We believe that the company has an extensive and wide pool of skills and expertise that will enable the company to provide you with the best services.
2. To assist in developing the country's infrastructure and contribute to addressing the economic challenges currently faced in the country.
3. Sapholwethu Group Services (Pty) Ltd will also contribute to alleviating unemployment. The business is operationally labour intensive, such that the company can employ a number of people per project. The approach is to develop local community with the intention of employing locally.
4. Sapholwethu Group Services (Pty) Ltd is committed to availing its resources in ensuring that it participate in the main stream of economy.
